Spring is coming! Soon we will be able to enjoy the beauty of new blooms because God provides enough rain for them to flourish. I think the same is true in our own lives. So often we go through trials where it feels like the rain is just pouring down and there are no breaks in the clouds. Trusting Jesus during those times is hard. We can cling to verses like Isaiah 40:31 that says. "...but those who trust in the Lord will renew their strength..." He gives us strength to persevere through the hard times so when the clouds break and the sun begins to shine, we can bloom. God provided enough rain for us to flourish right where He wants us. God's Love and Blessings!
